FROM THE STAFF

It is with a great deal of pride that we present this 1987 edition of the *Alumni Directory* for Indiana University of Pennsylvania.

As the second directory of IUP graduates since 1940 and the most comprehensive ever, it portrays both the present whereabouts and professional achievements of IUP's approximately forty-six thousand alumni.

As to whereabouts, graduates of IUP now reside in every county of Pennsylvania, in every state of the nation, and in several foreign countries. As to professional achievement, the record of IUP alumni is one of which both they and their university can be proud.

The profile of IUP alumni as found in this directory indicates that they are involved in a wide variety of professional concerns. They have achieved leadership roles in business and finance, in scientific research, engineering, communications, transportation, journalism, and publishing, as well as in career military service.

Graduates are similarly engaged in classroom teaching, government service, law, medicine and nursing, the ministry, and the arts and in fulltime charitable and service work. These general areas are representative of many other, particular ways in which IUP alumni are serving professionally.

What is not portrayed directly within this volume is the fact that IUP graduates are also among the best examples of Pennsylvania and American citizens. Their record in regard to civic and community service interests is outstanding, touching on virtually every area of concern imaginable.

THE UNIVERSITY

HISTORY

IUP was established in 1875 as a private academy. The institution functioned as a public college until 1965 when, by act of the Pennsylvania Legislature, university status was granted.

CHARACTER

IUP is a selective, coeducational, public university. It is primarily undergraduate in nature with an extensive graduate program.

LOCATION

Indiana, Pennsylvania, the seat of Indiana County, is located fifty miles northeast of Pittsburgh in the Allegheny Mountain foothills. The population is 35,000 plus 11,000 student residents. Also known as the "Christmas Tree Capital of the World," Indiana is the birthplace of legendary film star Jimmy Stewart. Indiana has seven movie theaters, several shopping malls, a well-developed downtown area, many churches, and a variety of accommodations for overnight visitors. The university is three blocks from downtown. Branch campuses are located to the north and west in Punxsutawney and Kittanning.

ACCESS

Indiana is at the intersection of state routes 422, 286, and 119. Bus transportation is available to and from points east, south, west, and north. Jimmy Stewart Airport is less than three miles from the campus.

CAMPUS

The university's campus comprises 162 acres with seventy-five major buildings and seven athletic fields; two field houses; two swimming pools; a modern library; an auditorium; a theater; a health center; John Sutton Hall, a federally registered landmark erected in 1875 as the campus's first building; and Breezedale, the stately old Elkin mansion, scheduled for renovation as a focal point for alumni activities and as a community conference center. IUP also has a 280-acre recreational park, which includes a lodge and which offers skiing, hiking, camping, jogging, and skating. Facilities at nearby Yellow Creek State Park afford students access to all types of water sports.

COMPUTER FACILITIES

the university boasts a Honeywell dual DPS/C mainframe with more than three hundred terminals and a micro Vax with eight terminals. There are nine hundred microcomputers within the university instructional and administrative departments. Two major terminal clusters are on the Indiana campus, and each branch campus has a microcomputer data center.

FINANCIAL

IUP's operating budget for 1986-87 was more than \$95 million.

OFFICE OF ANNUAL AND PLANNED GIVING

The Office of annual and Planned Giving was established at the beginning of 1986 to plan and conduct university annual fund-raising campaigns relating to alumni, employees, parents, students, and retired faculty. This office is also responsible for planned giving initiations. In carrying out its responsibilities, the Annual and Planned Giving staff works closely with the Office of Alumni Affairs and the Foundation for IUP.

FOUNDATION FOR JUP

The foundation encourages private support for the university through the President's Council (donors of \$1,000 or more a year), athletic fund-raising campaigns, and capital campaigns. In the Natural Resources Program, gifts of mineral rights eventually provide royalties to the foundation for use by the university. A nonprofit, charitable organization, the foundation has as its only mission the support of IUP.

ACADEMIC CALENDAR

Two fourteen-week semesters in the fall and spring, one six-week summer session, and two three-week summer sessions compose the academic calendar.

DEGREES

Undergraduate degrees include Associate of Arts, Bachelor of Arts, Bachelor of Science, Bachelor of Fine Arts, and Bachelor of Science in Education. Graduate degrees include the Master of Arts, Master of Science, Master of Education, Master of Business Administration, Doctor of Philosophy, Doctor of Education, and Doctor of Psychology.

-v-

ACADEMIC PROGRAMS

The university comprises six colleges and two schools: College of Business, College of Education, College of Fine Arts, College of Human Ecology and Health Sciences, College of Humanities and Social Sciences, College of Natural Sciences and Mathematics, School of Continuing and Nonresident Education, and the Graduate School. There are more than a hundred and fifty degree programs offered within the university. Majors range from the traditional—philosophy, history, and English—to highly technical fields such as respiratory care, accounting, safety sciences, science, and management information systems.

ACCREDITATION

The university has received the following accreditations: Middle States Association of Colleges and Secondary Schools, National Council for Accreditation of Teacher Education, National League of Nursing, American Home Economics Association, American Chemical Society, National Association of Schools of Music, American Society of Safety Engineers, Committee on Allied Health Education and Accreditation, National Association of School Psychologists, and National Accrediting Agency for Clinical Services.

FACULTY

IUP has a full-time faculty of 705, 64 of whom are part-time. Over sixty percent hold the doctorate in their fields.

RECOGNITION

IUP has been nationally acclaimed as among the nation's "academic best" universities. Barron's Guide to the Most Prestigious Colleges, fourth edition, 1986, listed IUP among the 283 most academically competitive colleges and universities in the nation. The consumer magazine Changing Times twice identified IUP as one of only fifty U.S. colleges and universities with high academic standards but tuition and fees below the national average. In 1985, Edward Fiske, education editor of the New York Times, included IUP as one of 221 Best Buys in College Education. Best-buy institutions are those with competitive academic programs, well-rounded social environments, and below-average costs.

ENROLLMENT

Over thirteen thousand undergraduate students are enrolled at IUP's three campuses. Students come from all sixty-seven countries in Pennsylvania, forty-six states, and sixty-one foreign countries. The minority student population is 634 students, and there are 257 foreign students.

ADMISSION

Recommended date for filing application for admission is December 31; for early decision, it is October 15. Credentials required include a completed application form with a fifteen-dollar application fee, transcript of high school record, and SAT or ACT test results.

FINANCIAL AID

The Financial Aid Office offers financial information and counseling to all students attending IUP. The types of financial assistance offered include student employment, loans, grant, and scholarships. More than \$26 million was distributed to over eighty percent of IUP students in 1985-86.

FRESHMAN PROFILE

Eighty-six percent of 1985's entering freshmen admitted to the main campus ranked among the to two-fifths of their high school graduating classes, with combined SAT scores averaging 108 points above the national average. Nearly seven thousand applications were received from freshman candidates for sixteen hundred vacancies on the Indiana campus. For students accepted to the main campus, the mean SAT score was 1014.

CAMPUS ACTIVITIES

Students at IUP participate in and enjoy numerous student organizations, intercollegiate and intramural athletics, musical and theatrical activities, concerts, movies, and speakers. There are about two hundred active student organizations at IUP, encompassing departmental clubs, honorary societies, social fraternities and sororities, communication and publication activities, and various clubs representing religious, sport, recreational, and numerous other special interests.

LIBRARY

Approximately 550,000 book volumes, including 85,000 bound volumes of periodicals, with over 4,500 current subscriptions, 180,000 government documents, and 1.6 million microform units. Study space can accommodate about fifteen hundred students in private and group carrels.

ATHI FTICS

Memberships include the National Collegiate Athletic Association, Eastern College Athletic Conference, and Pennsylvania State Athletic Conference. Varsity sports options for men include baseball, basketball, cross country, football, golf, rifle, soccer, swimming and diving, tennis, and track and field. Options for women include basketball, cross country, fencing, field hockey, gymnastics, softball, swimming and diving, tennis, track and field, and volleyball. IUP competes at the Division III level in all sports except field hockey, which competes at the Division III level.

SCHOOL COLORS

YOUR ALUMNI ASSOCIATION AND ALUMNI PROGRAM

IUP's Alumni Association was built on a proud tradition and has proven of great benefit to the campus, students, and faculty in a number of ways. There are now some sixty thousand Indiana graduates, and all are considered life members of the Alumni Association.

Early references to an alumni association for Indiana go back as far as 1878, but the date for the inception of a truly active program is regarded as 1933, when it was organized on a far more extensive basis. The late Mary L. Esch served as executive secretary-treasurer from then until 1971.

In 1972, Indiana initiated a full-time office of alumni affairs with a full-time director. Through the first several years of this program, a variety of activities and projects were introduced and furthered.

As graduates of Indiana, you may look to the Alumni Association and to the university for leadership and services in several areas.

Alumni Activities on Campus

The program for Homecoming Weekend each fall features departmental Homecoming ambassadors, carnival, parade, football game, alumni dance, entertainment, and much more.

Alumni Weekend each summer is the traditional reunion of graduating classes and centers on the alumni dinner to honor award winners, class reunion dinners, campus activities, seminars, and entertainment.

Special fall alumni receptions and tailgates are scheduled at designated areas for home games and at special away-game events where arrangements are possible.

Alumni Tours

Your Alumni Association has offered a program of high-quality tours at reasonable cost to a variety of destinations around the world, including Spain, Switzerland, London, Rio de Janeiro, Hawaii, Las Vegas, Bermuda, the Soviet Union, and Rome.

Although the program has been curtailed in the recent past, the university alumni office plans to organize future trips for alumni and friends of the university.

Alumni Publications

Oak Leaves, a news magazine presenting information on campus development, activities of the alumni programs, and news of individual graduates and chapters, is mailed to all graduates for whom we have correct addresses four times yearly.

Several other special-interest communications, including *IUP Illustrated*, are mailed to alumni at intervals throughout the year as well.

Alumni Projects on the Campus

Almost since its formal organization, the Alumni Association has spearheaded projects to enhance student aid, scholarships, university physical improvements, and programs for academic enrichment. The following are some of the projects initiated by the association:

- Library resources for Stabley Library and as the initial underwriting of the Arthur F. Nicholson Memorial Library in Leonard Hall.
- Flossie Wagner Sanford Student Loan Fund In 1964, the Pennsylvania Federation of Women's Clubs established this loan fund in honor of Flossie Wagner Sanford '17, past president of the club and former member of the faculty of IUP. Mrs. Sanford served as president of the Alumni Association from 1949 to 1951, served on various alumni committees over the years, served on the foundation board, and was the recipient of the Citation for Service in 1967.
- Sports scholarships, including the Indians Scholarship Fund for general purposes, Sam Smith and Jack Crossan Memorial funds for football and basketball, the Johnson Memorial for women's sports, and the Peck McKnight basketball memorial fund.

- Unrestricted monies to be used by the university alumni Association as directed by its board.
- Alumni scholarships, including the establishing of the Leonard Loan Fund in the 1930's as the first item of organized alumni giving at Indiana, followed in 1948 by the substantial Corrine Menk Wahr Scholarships.
- Academic enrichment, so that programs of this type that cannot be achieved through the standing university budget might be supported.
- Campus physical improvement and memorial landscaping and beautification, including the Alumni Carillon in the Bell Tower of John Sutton Hall, the organ in Fisher Auditorium, and fountains at Stabley Library and Weyandt Hall.
- Sponsoring of special programs and activities such as celebrating the university centennial year in 1974-75.
- · Working to increase interest and support for restoration of Breezedale.

Legislative Contact and Related Concerns

Your Alumni Association seeks to develop a number of avenues that may lead to greater support for the university on the part of the Commonwealth of Pennsylvania and its citizens. Individual graduates are being organized into a network of volunteers in constructive contact with their legislators and others in Harrisburg on behalf of IUP.

The association takes an active role in the State System of Higher Education Council of Alumni Associations, which has similar goals statewide. Both the director of alumni affairs and a graduate alumni representative serve on the council.

The Alumni Association as a Formal Organization

To advance the interests and projects of the alumni program, the Alumni Association is organized to include the following leadership organizations:

- The Executive Board, including elected officers and directors, immediate past
 president, the university director of alumni affairs as executive secretary-treasurer,
 president of the university, and presidents of the Student Government Association
 and the Senior class.
- Standing and special committees and working task forces. Established committees include those for Awards, Budget and Finance, and By-Laws.

The leadership of your Alumni Association welcomes volunteers at any level. Since 1977, for example, all graduates have had the opportunity to vote by mail for officers of the association.

Contributing Services of Alumni and Alumni Chapter Membership

Alumni constitute the single largest public directly related to IUP. Through their abilities and experiences, they can provide a valuable resource of interest and service. In the future, greater emphasis will be devoted to such programs as the following:

- Encouraging the interest of potential students in IUP; serving in cooperation with the campus Admissions Office.
- Offering career and experience leads to present students, in terms of full-time positions, summer placements, and internships.
- Becoming active where they live, not only through involvement in present alumni chapters or in helping to develop new ones, but also within a framework of area coordinators promoting interest in the new image of IUP.
- Encouraging loyalty to IUP and participation in its alumni programs on the part of fellow graduates.
- Participating in university fund campaigns and planned giving programs.

Alumni/Undergraduate Relations

It is the goal of the Alumni Association that undergraduates, while still at Indiana, might be as directly served by the alumni program as possible. It is hoped that they might become more fully aware of the significance, both real and potential, of the strong alumni effort on behalf of the university.

Particular programs to achieve this have been initiated through participation of student organizations, fraternities, and sororities in the IUP Alumni Phonathon. This gives the students involved an awareness of alumni participation for student-university benefits. Student representation on the Executive Board is another aspect of student involvement. The development of internship programs initiated by graduates is another worthwhile aspect of the program for students.

Parallel to this, several programs are being developed by particular schools and academic departments of the university in cooperation with the Alumni Association. A Home Economics Alumni Association, for example, has long been active and is serving as a model for others. Several departments on campus, e.g., safety sciences, chemistry, geography, criminology, labor relations, music, journalism, economics, etc., send newsletters to all graduates. The Alumni Association has been instrumental in establishing an ambassador's program. This program is funded by the Alumni Association. It brings to campus outstanding graduates in specialized areas to meet with students and faculty to broaden the consciousness of current students as to the availability of careers.

The Homecoming Carnival, begun in 1981, provides student organizations an opportunity to be involved in the homecoming festivities and to earn money for their groups. At the same time as they meet and provide services for alumni, they realize monetary profits.

Graduate Files

A full, computerized data bank of alumni information is maintained by the Office of Alumni Affairs. The data bank is a full-time operation, and its program is continually expanding to serve special alumni groups and/or chapters in designated geographic areas. Crucial to the accuracy of alumni office data is the willingness of graduates to continually update their information.

HOW TO USE THIS DIRECTORY

The 1987 Indiana University of Pennsylvania Alumni Directory has been divided into 3 major sections covering all the important areas of our alumni.

Biographical Section – This section lists all alumni alphabetically. It shows, when available, the full name, class year, type of degree, with home address and phone number. Married alumnae are listed by their married names and maiden names. All professional data are preceded by a ‡ showing current job title, firm name, address, and phone number.

Geographical Index - This section lists the name and class year of alumni by the city in which they live. You will be able to see who lives in your own town and it will be helpful for locating former classmates when you visit a new city.

Class Year Index – This section lists all alumni by their class year for their undergraduate work at Indiana University of Pennsylvania. Married alumnae are listed by their name at the time of graduation, with their current name in parenthesis.

Accuracy – Complete biographical information has been included for all alumni who completed and returned their updated biographical questionnaire. Those alumni who have asked to be omitted from the directory are not listed. Non-respondees are listed as maintained in the school files. Neither the Publisher nor Indiana University of Pennsylvania assumes any liability for incorrect information or unintentional typographical errors. All corrections should be sent to Indiana University of Pennsylvania, Office of Alumni Affairs. 303 John Sutton Hall. Indiana. Pa.
